CLARIFYING TERMINOLOGY FOR ARTS AND SCIENCES

SCIENCE:

- Biological sciences include **the study of life and living organisms, their life cycles, adaptations and environment**.
- Physical sciences are concerned with **the study of inanimate natural objects, including physics, chemistry, astronomy, and related subjects.**

SOCIAL SCIENCE:

- A Social Sciences is **any branch of academic study or science that deals with human behavior in its social and cultural aspects**. This includes anthropology, archaeology, economics, geography, political science, psychology, and sociology courses.

HUMANITIES:

- The humanities encompass **the full range of human thought and creativity.** Selections can be made from arts, music, dance, theatre, literature, etc. thus giving students more choices to meet this core requirement.
